design
inspired by nature

Transform your interiors or outdoor space with the stunning range of decorative 3D wall panels. All our designs are uniquely crafted, with inspiration drawn from nature.

A feature wall in 3D wall panels creates an architectural feel at a cost effective price. 3D wall panels deliver true texture to your walls, bar fronts, reception counters and any vertical surface in need of a WOW factor.

- **Base material:**
  - Interior 18mm (or 25mm) Australian made
  - E0 moisture resistant MDF
  - Exterior 18mm waterproof polymer

- **Finishes available:**
  - Raw: ready to paint
  - Primed: undercoated and lightly sanded
  - Spray painted in polyurethane in matt, satin, semi or high gloss finish.

- **Standard panel sizes:**
  - 2400mm x 1200mm (interior and exterior material)
  - 2700mm x 1200mm (interior material only)
  - which can be cut down to suit your needs.

- **Pattern Orientation:**
  - Patterns can be oriented vertically or horizontally for greater design flexibility.

Be inspired by the many different combinations of designs and finishes available. Proudly Australian made and delivered Australia wide. Online quotes are available at [www.3dwallpanels.com.au](http://www.3dwallpanels.com.au).

design - Reflections | finish - polyurethane paint

design - Dunes | finish - polyurethane paint

design - Ripples | finish - polyurethane paint

design - Pyramids | finish - polyurethane paint

design - Ripples in polymer | finish - exterior paint

design - Contours | finish - polyurethane paint
Pattern Matching

2400 x 1200mm panels can be pattern matched on all 4 sides. 2700 x 1200mm panels pattern match on 2 long sides only.

Pattern Orientation

The flexibility of pattern orientation allows you to achieve the desired look in any project. When ordering, specify pattern orientation A or B.

Concealed installation

Z brackets provide a concealed method of fixing finished panels to walls and at just 5mm thick they offer a slimline solution. Z brackets and flat bars are available in 2mt lengths. See our Installation Guide for more details.

Panel Edge Finish

Exposed edges of panels may be capped with aluminium angle, and cut to size as required.

Easy installation

Raw panels can simply be screwed to the wall: ensuring there is adequate support by screwing into wall studs. Screw holes can then be puttied, sanded and painted over.
